

Tool boxes

For chassis-cabs equipped with pick-up, tipper or box van, ACT offers you various types of tool boxes.

Under the superstructure, against the chassis, left or right, aluminium tool boxes can be installed. Standard we paint them in RAL 7015. These boxes are fitted with stainless steel locks and have been specially designed to be installed on various types of Large Van, between the rear wheels and the cab or behind the rear wheels.

Type	Right dimensions(mm)	Left dimensions (mm)
Large Van L1	1000 x 420 x 435	1000 x 420 x 385
Large Van L2	1600 x 420 x 435	1600 x 420 x 385
Large Van L2 DC	800 x 420 x 435	800 x 420 x 385
Large Van L3	2000 x 420 x 435	2000 x 420 x 385
Large Van L3 DC	1300 x 420 x 435	1300 x 420 x 385
Large Van L2 Double wheels	1600 x 420 x 470	1600 x 420 x 420
Large Van L2 DC Double w.	800 x 420 x 470	800 x 420 x 420
Large Van L3 Double wheels	2000 x 420 x 470	2000 x 420 x 420
Large Van L3 DC Double w.	1300 x 420 x 470	1300 x 420 x 420

We can also offer standard polyethylene boxes, please check if the depth is within the available distance between the chassis exterior and the outside of the superstructure.
